

## Description of BSSA:

Brick Street Safety Academy is a safety training academy for civilians. We offer basic to advanced safety programs, workshops and classes for all walks of life. Such as: basic self-defense techniques, tactical defense, work/school defense, firearm training, CPL (Concealed Pistol License) or CCW (Concealed Carry Weapon) training, household safety, safety programs for women, internet/social media safety workshops, survival prepping and much more.

## PLAN, PREP AND PROTECT!

## Specialty of BSSA:

Our specialty is educating beginners or inexperienced individuals who are in need of basic self-defense techniques, security awareness or firearm safety training. (No live firearms or ammunition are used or permitted by students on the premises during class.) Live firearm training is conducted at a designated gun range.

## BSSA Method of teaching:

BSSA classes are taught by certified instructors. Our method of teaching is with the use of certified materials, videos, real life exercises, scenarios and simulations. BSSA priority is to make sure that all of our clients/students acquire proper training and education to help protect themselves in potentially dangerous situations.
