BSSA Personal Protection Devices Safety Class

Cost: \$39.00

Length of Class: 2-3 Hours

www.brickstreetsafetyacademy.com

Course Description:

Class: Personal Protection Safety Class.

This class explores several personal protection devices on the market. You'll learn how to properly carry and handle certain devices, understand safety procedures, protocol and specific laws that are associated with each device.

This course is divided into two parts: You'll learn the fundamentals of each personal device in a classroom setting and also participate in hands on safety training with selected protection devices.

What you'll learn:

- How to handle personal protection devices properly and responsibly.
- Learn proper stance. (How to stand.)
- Stabilize your grip action.
- Focus on target aiming.
- Breathing Techniques and much more!

Although this class is basic, it is very intensive and informative. You will not leave away uninformed or unprepared. Visit our website for more information at:
